Impact-

Student got the knowledge about highly experienced in treating drug addicted youth. Inputs on remedies available for drug addicts was an added advantage as youth with addiction could benefit from this. They interacted with the students by demonstrating on a student and physically showing the various body parts which would gradually get into trouble due to the side effects caused by addiction. He sensitized the youth to prevent themselves getting into drug abuse.

The point that the use of tobacco, alcohol, and other drugs are the biggest problems people are facing today. They also conveyed that, "There are no guarantees that someone you love will not choose to use drugs, but you can influence that decision by, Not using drugs yourself and Providing guidance and clear rules about not using drugs".
