About Us

RR College of Pharmacy at RR Institutions had been established by Shri. Y. Raja Reddy, in the year 2005, with the motto of providing quality pharmaceutical education to students through D.Pharm, B.Pharm, Pharm.D and M.Pharm courses. The college is affiliated to RGUHS and recognized by PCI. The college is accredited by NAAC with "A" grade. The department of pharmacology is the ever glowing specialization in pharma field, which links many other disciplines to develop new drugs through preclinical studies. The department is having a team of qualified and highly competent faculty members. They are mainly focused on the teaching learning process along with the R&D activities.

The college provides outcome-based education and training skills on development and evaluation. The college has very good infrastructure and well equipped laboratories. The students are being trained practically to handle various instruments available in the college. They are also instructed to follow the good laboratory practices. The students are molded in such a way that they are to be placed in good positions in industry, health care sectors, and government sectors and also in the academics.

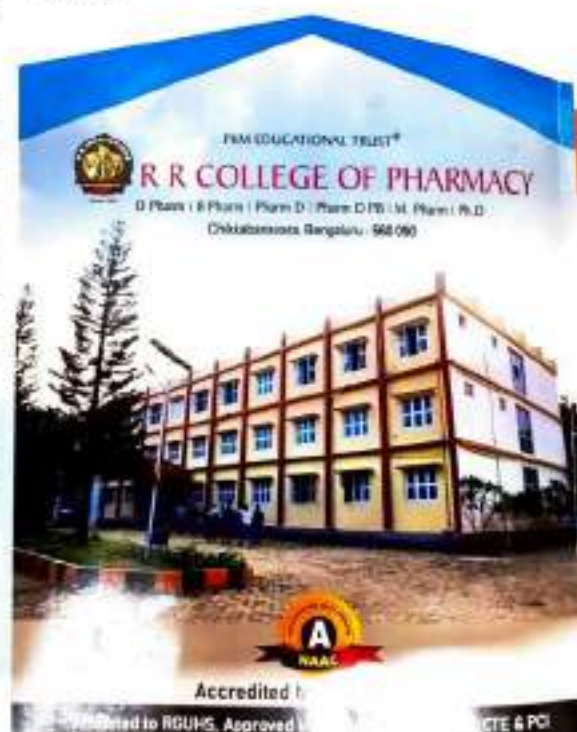

The departments are receiving funding from various sources including RGUHS. Faculty members are encouraged to involve in research activities, and publish their work in reputed pharmacy journals which are indexed in Scopus, web of science and UGC care journals. The management also supports faculties to present their work in national and international conferences. The college is having several MoU with various hospitals, industries and health care sectors nearby.

Our Vision

■ To be a Centre of Excellence in Pharmacy Education and Research Specially in Pre-clinical Drug Development.

Our Mission

- Providing quality education, training and research environment for the students to develop skill and knowledge in the pharmacy field.
- To Nurture Translational research in Preclinical and animal studies for better healthcare of the society.

REGISTRATION ENDS ON: 29 JULY 2024

ABOUT THE FACULTY PROFESSIONAL DEVELOPMENT PROGRAM

In recent days, the internationalization of research and innovations is increasing which is enabled through the creation, transmission and dissemination of knowledge. And, it's mainly supported by the usage of ICT tools and techniques. The main objective of the FDP is to edify the faculty in incorporating the ICT tools and technologies in their research and innovations. The program includes the major aspects of the utilization of automated tools in drug design and development process, such as, the various soft wares available to design the study, draw the molecules, predict the physico-chemical properties, docking simulations, CADD in research, population and samplings, big data collection, quality assurance, data processing, statistical analysis and presentations, potentials of AI, etc. we hope that, this FDP will help the faculty in understanding the various challenges in designing, developing and implementing E contents and finding the solutions.

HIGHLIGHTS OF THE FDP

- ICT tools and technologies in Capacity building for 21st century.
- ICT tools for research publications
- Enhancing research invention and innovation with ICT tools. Strategies for Academic success.
- CADD as an vital tool in DDD
- Social and ethical issues in ICT
- Open source software and online tools for research
- Data analysis tool in research innovations

DR. SATHEESH KUMAR E : 8500231674

For any other queries

DR. S D YACHALA : 8668016793

WHO CAN ATTEND ?

This FDP is suitable for faculty and research scholars who are willing to build their soft skills in research, innovation and also apply them in education.

REGISTRATION DETAILS

Account Details for Payment:
A/C No: 86100100001077

Branch: Chikkabanavara

IFSC Code: BARB0VCHIK (Fifth digit is Zero)

Payment can be done by Online transfer or UPI transfer. Attach the proof of payment while doing registration.

REGISTRATION FEE INCLUDES

- The registration kit, Participation Certificate, High tea and a working lunch for those five days.
- Accommodation will be arranged on request at a nominal charges. And, it should be opted while filling the registration form.

Program Report

Objectives of the program:

The primary objectives of the FDP on ICT Tools in research and innovations were as follows.

1. To update faculty members on modern ICT tools and techniques available.
2. To enhance their understanding of the applications of ICT tools.
3. To promote the integration of technology in research activities.
4. To create a collaborative and reflective teaching community in academic research.

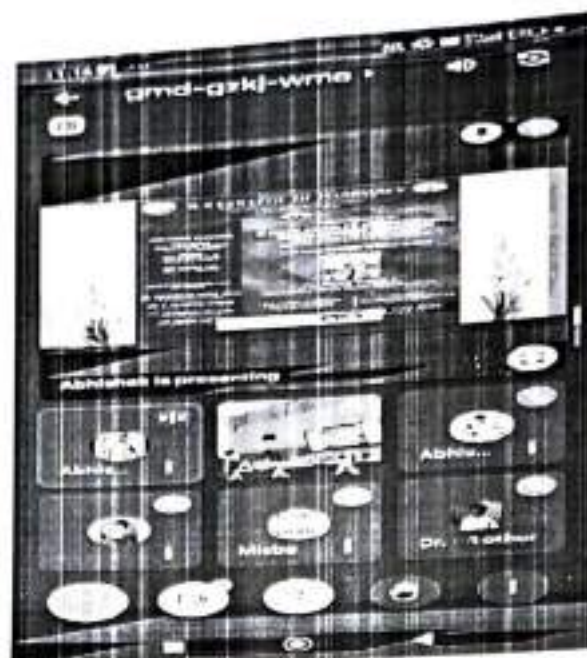

RR College of Pharmacy, Bangalore organized a faculty professional development program in association with RGUHS-RAATI, Karnataka on **"ICT tools and technologies for multidisciplinary research and innovations"** on **23rd July 2024 to 27th July 2024** at Ground floor seminar hall, RRCOP, Bangalore-90. The program was organized by IQAC with all the departments of RRCOP.

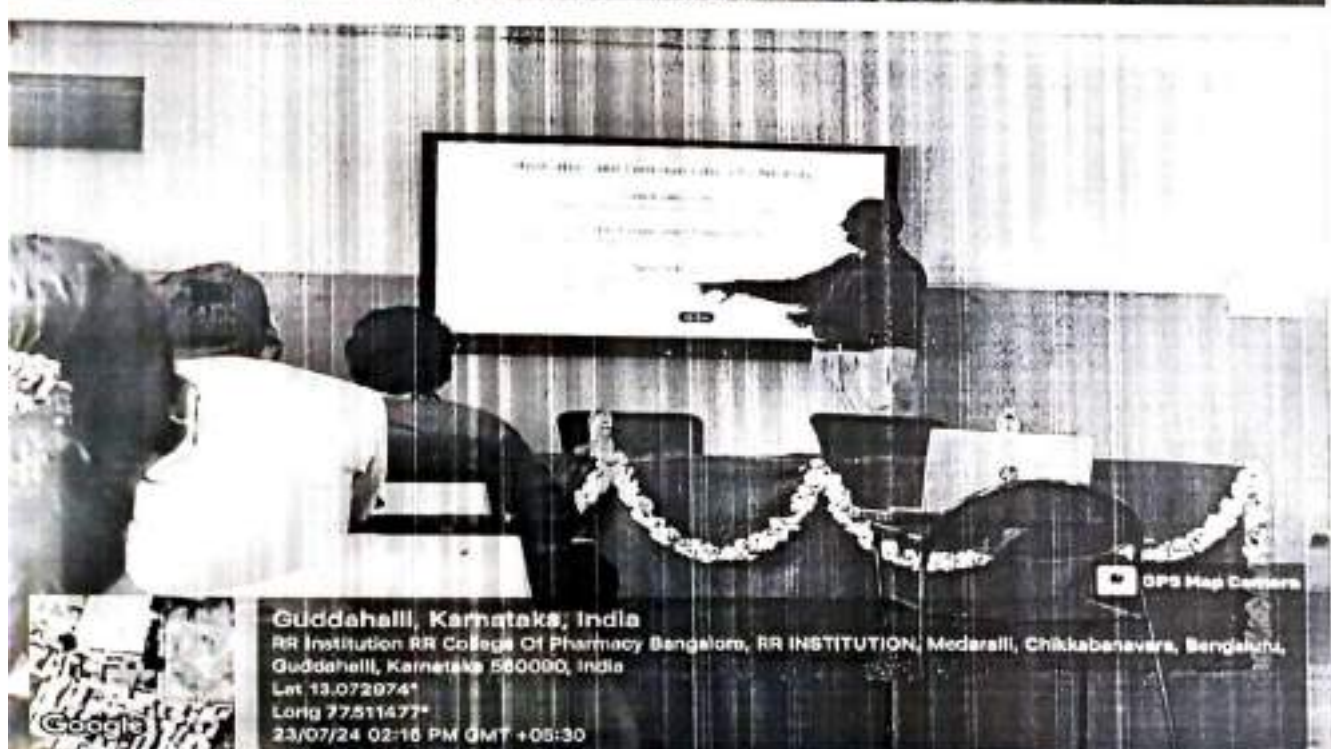

The faculty from various colleges had registered for the program. Those who had chosen offline, were started to reach the venue at around 9.00AM. The registration counters were opened for collecting the kits. Spot registration was also included. Pharmacy professionals who couldn't register previously had utilized this opportunity to register for this FDP. After the registration, the program was started as per schedule.

The inaugural event was graced by the following eminent personalities,

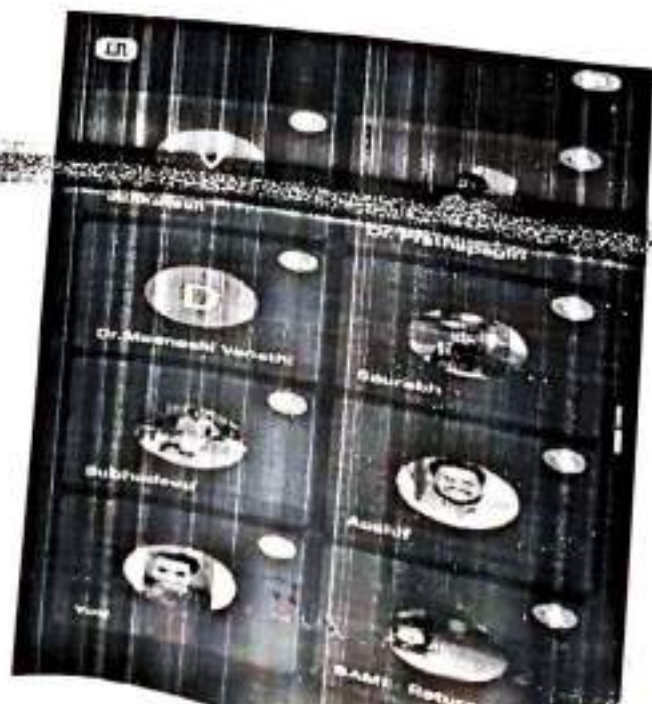

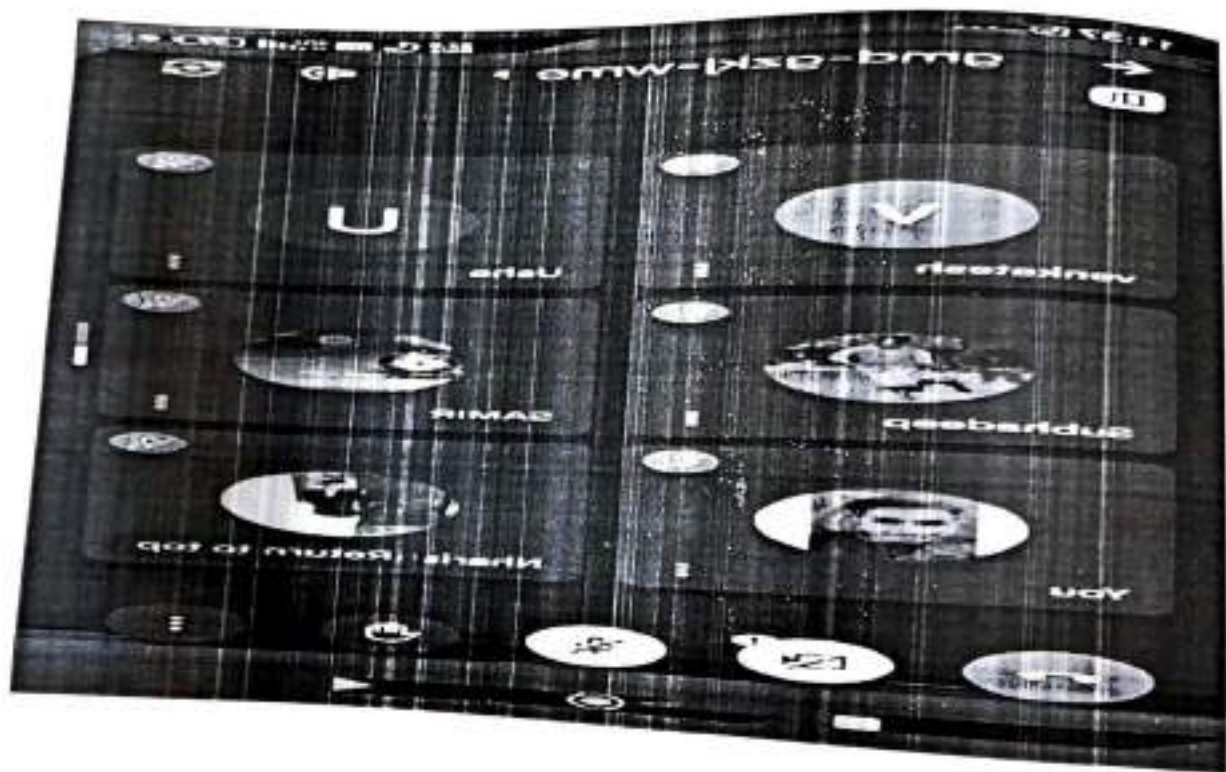

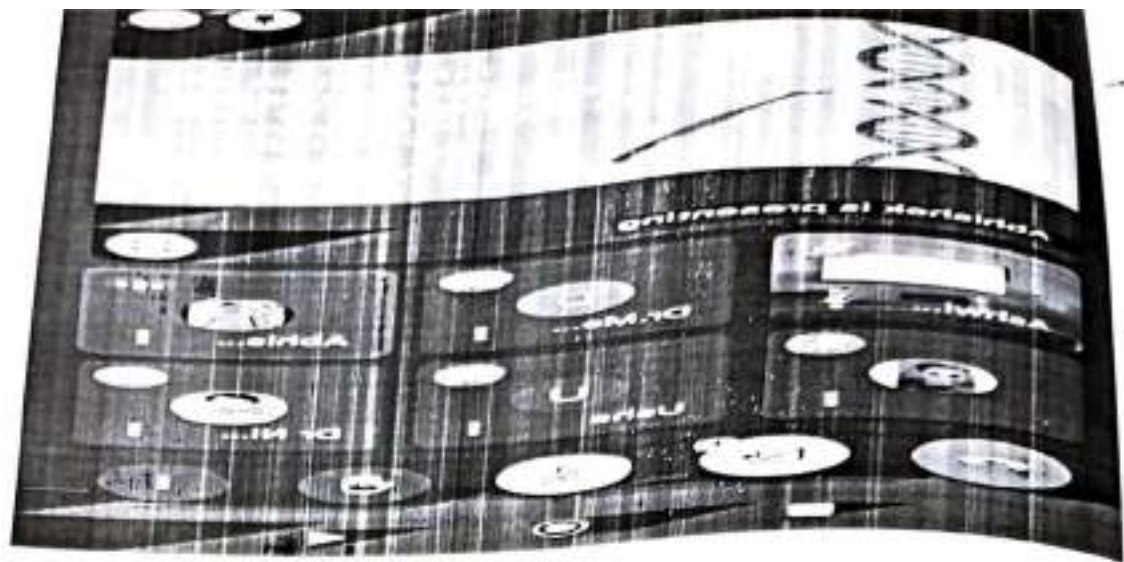

1. Shri. Munir Ahmed R, Our chief Guest, Director, RGUHS-RAATI, Karnataka.
2. Dr. Narayanaswamy VB, The principal.

The program was started by lighting the lamp. Dr. S. D. Vachala, IQAC Co-ordinator hosted the program. Our Principal Dr. Narayanaswamy VB welcomed all dignitaries and the participants for the FDP. 63 faculty were participated in the FDP. From the neighbouring states also faculty had registered for the FDP. Faculty from various parts of Karnataka, had registered. Participants from far distance had attended in online mode and others have attended personally. Our own college faculty were also attended the program.

Followed by that, on the second day, Dr. Selva Kumar from ABMRCP and Dr. Shridhar, from KCP delivered lectures on Strategies of ICT in academic research and ICT tools in drug discovery respectively. Both of them explained very well about the list of softwares available for the research in pharmacy. The speakers were explaining about the difference between the invention and innovations, technology readiness levels, conventional approaches and its disadvantages, ICT in TRL scale, adopting ICT in research, literature search tools, reference management systems, networking and collaborations, access to preprints, google sheets and add-one, Big-ML, Chat GPT etc.,

On 3rd day, the participants had lectures on ICT in research paper publications and Capacity building for 21st century. They were delivered by Dr. Kuntal Das from MCP, Bangalore and Dr. Mahesh from Oxford college of pharmacy, Bangalore. In this session, The tools available for the research paper publications, plagiarism checking softwares, AI supported paper writing AI assisted research paper writing were discussed. The speakers were explain about the softwares available for that.

The Principal, Dr. Narayanaswamy VB, shared a few words about the FDP purpose and importance among the faculties. Feedbacks were collected from the participants and analysed. The participants mentioned that, this FDP was very useful for their academics as well as research. They expressed that, they willing to attend such programs and workshop in the future also. After the feedback session, Dr. Vachala SD, IQAC-Coordinator, proposed the vote of thanks. "Technology will never replace great teachers, but technology in the hands of great teachers is transformational." With this quote, the FDP program was successfully completed.

Then Dr. E Sateesh Kumar, Professor & HOD, introduced our guest of honour Dr. Shivakumar Swamy, Senate member, RGUHS and Principal, Mallige college of Pharmacy, Bangalore. Sir explained about the skills required to upgrade teaching methodology such as computer based skills along with teaching skill and spoke about additional skill necessity in future to sustain jobs in teaching field.

Then Mr. Mahalingan, Professor, Department of Pharmaceutics introduced our guest of honour, Dr. Saleemulla Khan, Principal PA college of Pharmacy, Mangalore & PCI CC Member. Sir congratulated Principal and organizing team for organizing big event and informed students to utilize their time for learning new technologies.

R R college of Pharmacy, Bangalore would like to convey a great appreciation to our honourable guest of honours. The Inaguration was successfully completed with felicitation of our eminent guest of honours Dr. Shivakumarswamy and Dr. Saleemulla Khan sir by our Management, Chief guest and The Principal.

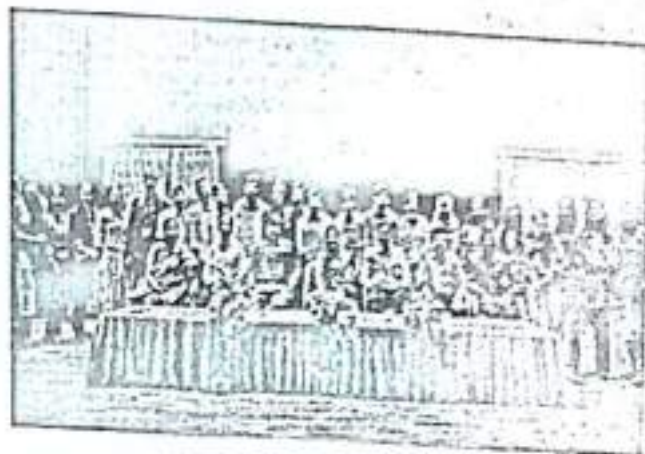

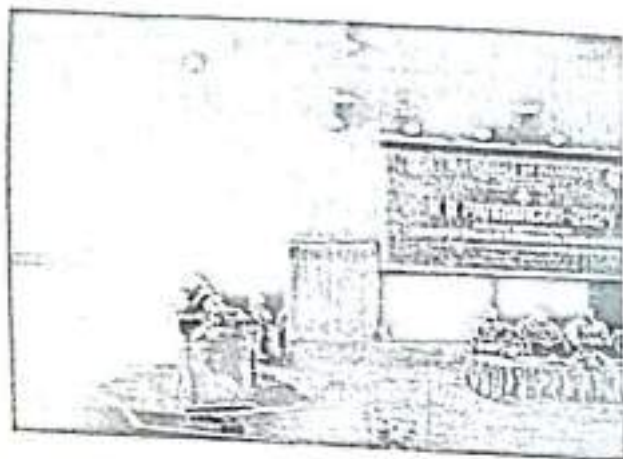

Then, to bring back the energy, tea break was announced. The delegates from various institutions and universities were interacting with each other during the break. This

RR COLLEGE OF PHARMACY

Chikkabanavara, Bengaluru-560090
Accredited by NAAC with Grade "A"

Department of Pharmacology

Finally, Vote of thanks was given by Dr. Deeparani Urolagin, Professor & HOD, Department of Pharmacology, RRCOP. Our sincere thanks to the chairman Shri. Y. Raja Reddy, RR Institutions, The Secretary Shri Kiran HR, the director, Shri Arun HR, for providing the encouragement to make this event a grand success. A special thanks was enumerated to our beloved principal Dr. Narayana Swamy VB for the perfect logistic support and guidance.

To conclude this event, around 447 participants registered for this event from different Pharmaceutical Institutions across the nation took part in the conference. All the Eminent speakers and participants were provided with Certificates. We believe that this conference provided the platform to present the e-posters of research works as well as review of the evaluation method and expertise from various scientific backgrounds for young researchers and students. All the participants were thankful to the management of R R College of Pharmacy for the plethora of information which was provided in the session. We hope that in the future also, we will organize such events for the betterment of our knowledge.

Karnataka College of Pharmacy, Bangalore
rajarajankep@kcp.co.in

CAREER OBJECTIVE

To inspire, educate, and lead the next generation of pharmaceutical professionals through innovative teaching, groundbreaking research, and impactful academic leadership, fostering excellence in pharmaceutical education and research.

PROFESSIONAL EXPERIENCE

Professor & Head

Karnataka College of Pharmacy, Bangalore

- Overseeing the academic, administrative, and research activities of the department.
- Developing industry-oriented curriculum to align with current trends and technologies in the pharmaceutical field.
- Supervising postgraduate and doctoral research projects, ensuring adherence to global standards.
- Organizing academic events such as seminars, workshops, and conferences to enhance professional growth.
- Mentoring faculty and students to achieve their full potential in education and research.

Senior Lecturer

- Delivered comprehensive lectures and laboratory sessions on advanced pharmaceutical sciences.
- Contributed to the development of innovative teaching methods for better student engagement.
- Played a key role in departmental initiatives, including syllabus updates and accreditation preparation.

EDUCATIONAL QUALIFICATIONS

- **Doctorate in Pharmaceutical Sciences: 2012**
IPT, Annamali University, Chidambaram Tamil Nadu, India
- **Master's in Pharmacy (Specialization): 2001**
IPT, Annamali University, Chidambaram Tamil Nadu, India
- **Bachelor's in Pharmacy: 1997**
IPT, Annamali University, Chidambaram Tamil Nadu, India

CORE COMPETENCIES

- Academic Leadership & Curriculum Development
- Research & Publication Excellence
- Student Mentorship & Faculty Development
- Industry Collaboration & Partnership Building
- Conference & Workshop Organization

MAJOR ACHIEVEMENTS

- Achieved commendable results in the NAAC/NBA accreditation for the department.
- Published [X] research papers in peer-reviewed national and international journals.
- Successfully established internships and collaborative projects with leading pharmaceutical companies.
- Recognized for outstanding contributions to student mentoring and institutional development.

CERTIFICATIONS & TRAINING

- Certified Expert in Pharmaceutical Research Techniques
- Professional Development Certification in Accreditation Processes

PROFESSIONAL AFFILIATIONS

- Member, Indian Pharmaceutical Association (IPA)

Seminar on "Quality by Design Approach in Formulation and Development" Organized by the Pharmaceutics Department

On 23rd July 2024, the Pharmaceutics Department of [Institution Name] organized an insightful seminar on the theme "*Quality by Design (QbD) Approach in the Formulation and Development*". The seminar aimed to enhance the understanding of QbD, a modern and proactive approach to pharmaceutical development that focuses on designing quality into products from the very beginning of the process.

The program was inaugurated by Dr. Narayan Swamy, the Principal of [Institution Name], who emphasized the importance of QbD in pharmaceutical education and its potential to improve both product quality and patient outcomes. He was joined by Dr. Rajarajan, Professor at Karnataka College of Pharmacy, Bengaluru, who delivered the keynote address and set the tone for the discussions to follow.

Special Guests for the seminar included:

- Sri. Y. Raja Reddy, Chairman of PKM Educational Trust
- Sri. H.R. Kiran, Secretary of PKM Educational Trust
- Sri. H.R. Arun, Director of PKM Educational Trust

Their presence added further prestige to the event and highlighted the significance of the seminar in fostering knowledge and research within the field of pharmaceutical sciences.

Dr. Hindustan Abdul Ahad, Professor and Head of the Department of Pharmaceutics, served as the convener of the event. He welcomed the distinguished guests, faculty members, and students, setting a warm and collaborative tone for the seminar. Dr. Ahad also introduced Dr. Rajarajan, the esteemed resource person for the session, who has considerable expertise in the application of QbD techniques in pharmaceutical research.

Dr. Rajarajan delivered a comprehensive lecture on the fundamentals of the Quality by Design (QbD) approach, emphasizing its importance in improving the efficiency, safety, and reproducibility of pharmaceutical formulations. He elaborated on the key principles of QbD, including the identification of critical quality attributes (CQAs), risk management, and the use of design of experiments (DoE) and other statistical tools in the development of robust drug formulations. His presentation was both enlightening and highly relevant to the challenges faced by professionals in pharmaceutical formulation development.

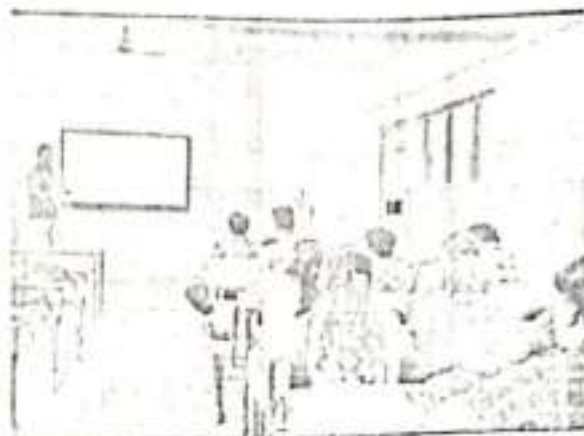

The seminar was highly beneficial for both the faculty members and students in attendance, as it provided valuable insights into the latest trends and techniques in pharmaceutical formulation. It was

Approved by PCI, AICTE and
B.E.T. (Bioscience Education) Society, Bangalore

particularly useful for students engaged in research, as it reinforced the importance of integrating QbD principles into their work.

After the lecture, a lively Q&A session was held, where participants had the opportunity to interact with Dr. Rajarajan. He answered a wide range of questions from the audience, providing further clarity on how QbD can be applied in real-world pharmaceutical development scenarios.

To conclude the event, Mr. Mahalingan, Associate Professor in the Department of Pharmaceutics, delivered the vote of thanks, expressing gratitude to the speakers, guests, participants, and organizers for making the event a success. The seminar concluded on a positive note, leaving all attendees with a deeper understanding of the role of Quality by Design in shaping the future of pharmaceutical development.

Professional Summary

A seasoned academic leader with extensive experience in higher education administration, curriculum development, and institutional strategy. Proven expertise in fostering academic excellence, implementing innovative teaching methodologies, and driving holistic student development. Former Adviser and Principal at MSRT, Bangalore, with a legacy of enhancing institutional reputation and quality standards.

Professional Experience

Adviser & Principal

MSRT (M.S. Ramaiah Institute of Technology), Bangalore

- Provided strategic leadership and vision to drive academic and administrative excellence.
- Spearheaded curriculum design and accreditation processes to align with global standards.
- Facilitated collaborations with industries and research institutions to enhance academic and placement opportunities.
- Mentored faculty and staff, promoting professional growth and innovation in pedagogy.
- Successfully implemented policies for fostering a student-centric learning environment.

Senior Academic Advisor

- Guided academic and administrative teams in meeting institutional objectives.
 - Advised on policy-making, quality assurance, and program development.
-

Education

Doctorate in [Polymer Sciences]

Sri Krishnaevaraya University- 2019

Master's Degree in [Microbiology]

Sri Krishnaevaraya University- 2002

Skills

- **Academic Leadership:** Strategic planning, curriculum development, faculty mentoring.
 - **Institutional Development:** Accreditation, quality assurance, policy formulation.
 - **Collaboration:** Industry partnerships, research alliances, stakeholder engagement.
 - **Student Engagement:** Holistic development, counseling, co-curricular programming.
-

Certifications

- Certified Trainer in Academic Leadership
 - Accreditation and Quality Assurance Training (e.g., NAAC/NBA)
-

Achievements

- Played a pivotal role in achieving top rankings for MSRT in national and global education indices.
- Led the institution through successful NAAC and NBA accreditation processes.
- Facilitated partnerships with leading companies for enhanced research and placement opportunities.

On 11th September 2024, a one-day workshop on "Good Laboratory Practices" was successfully organized at RR College of Pharmacy. The workshop was designed to provide insights into Good Laboratory Practices (GLP), fostering awareness and understanding of critical laboratory standards and compliance requirements.

The program was inaugurated by **Dr. Rajanikkanth K.** Former Advisor and Principal, MSRIT, Bengaluru, who graciously consented to serve as the **Resource Person** for the event. His vast experience and expertise in the field of pharmaceutical sciences added immense value to the workshop.

The event witnessed the esteemed presence of the management of **PKM Educational Trust**, including:

- **Sri. Y Raja Reddy**, Chairman
- **Sri. H.R. Kiran Reddy**, Secretary
- **Sri. H.R. Arun**, Director

Their support and encouragement emphasized the importance of such initiatives for academic and professional growth.

The workshop was convened by **Dr. Hindustan Abdul Ahad**, Professor and Head, the Department of Pharmaceutics, who played a pivotal role in organizing the event. **Dr. Narayanasamy V B**, Principal, RR College of Pharmacy, presided over the occasion, lending his guidance and vision to the program.

The program began with a warm welcome address by **Dr. A. Hindustan Abdul Ahad**, who set the tone for the day by highlighting the significance of GLP in achieving excellence in laboratory practices. Following this, **Mr. Subhash PG**, Assistant Professor, Department of Pharmaceutics, introduced the distinguished resource person, **Dr. Rajanikkanth K.** and outlined his remarkable contributions to the pharmaceutical domain.

RR College of Pharmacy

Chikkabanavara, Bangalore-90

Approved by PCI Accredited with NAAC 'A'

The workshop featured an engaging and informative session by **Dr. Rajanikkanth K.** who shared his expertise on GLP. His session covered essential topics such as maintaining laboratory standards, documentation, compliance with regulatory requirements, and ensuring the quality and reliability of laboratory data. The attendees, comprising faculty, researchers, and students, gained valuable insights into the principles and practices of GLP, empowering them to implement these standards in their respective domains.

The event concluded with a heartfelt vote of thanks delivered by **Mr. Mahalingam**, Associate Professor, Department of Pharmaceutics. He expressed gratitude to the management, resource person, organizing team, and participants for their contributions to the success of the workshop. The workshop proved to be a significant step in fostering a culture of compliance and quality in laboratory practices, aligning with the mission of RR College of Pharmacy to promote excellence in pharmaceutical education and research.

Mrs. Somya was also highlighting the various international patenting procedures. She explained what are all the steps involved in the patent filing, how to fill the form, how long time it will be taking to get the patent to be published and granted. After patenting how they be marketed, the tenure etc.

We are grateful for the time and effort taken by the speaker. Overall, the program was very much beneficial to the faculties and the students who had attended the program. We are sure that, this will be helpful for the students who are involving in innovative research activities. Then the session was opened up for the questions. Students were asking some questions and their doubts were got cleared.

We, the Department of Pharmacognosy, IQAC and R & D Cell organized one day Seminar on "GMP IN PHARMACEUTICAL INDUSTRY", on 14th September 2024. Sri. Y. Raja Reddy, Chairman, PKM Educational Trust, Sri. H.R Kiran Reddy, Secretary, PKM Educational Trust & Sri H R Arun, Director, PKM Educational Trust & were the guests for this seminar. The Principal, Dr Narayana Swamy was the Convener of this program, and he welcomed the gathering. Dr Seema Gupta Prof and HOD from the department of Pharmacognosy organized the event.

Ms. Vishwamyna, faculty of pharmacognosy department introduced the speaker to the audience. The seminar was executed by the resource person Mr. Ramachandra Ganiga, assistant Manager, Quality Assurance, KAPL Bangalore, who explained about the "GMP IN PHARMACEUTICAL INDUSTRY"

Faculties and Students of IVth B.Pharm, Ist and IInd M Pharm program attended the session. We are grateful to the speaker for the time spent and the effort that he had taken to share the knowledge about the funding opportunities. Mr. Ramachandra Ganiga, had explained the funding sources for research studies and higher education. Sir, also given insight knowledge about the various grants like travel grant, seminar grant, workshop grant etc. and the about granting sources like UGC, DST, ICMR, PST, SERB, JRD, TATA TRUST, KMR etc.

Miss Amrutha, Assistant professor, dept. of pharmacognosy, presented the vote of thanks and the program was completed successfully.

We are grateful for the time and effort taken by the speaker. Sir gave lecture on understanding of Pharmaceutical Industry and the various bioanalytical techniques used in the analysis of biological samples. He also, detailed about the basics how to select the instrumental methods for the bio samples, things to be considered etc. Sir had enlightened our knowledge how the physico-chemicals parameters of the drugs / molecules will affect the analytical procedures. He explained about the advantages of LC-MS-MS over to the other basic analytical techniques. Overall, the program was very much beneficial to the faculties and the students who had attended the program. We are sure that, this will be helpful for the students who are involved in research activities.

Professional Summary

A dedicated and detail-oriented Production Executive with expertise in pharmaceutical production and a strong focus on quality assurance. Adept at streamlining processes, ensuring regulatory compliance, and optimizing manufacturing efficiency within the pharmaceutical industry.

Professional Experience**Production Executive**

Micro Labs, Bangalore

- Oversee production activities to ensure compliance with GMP standards and regulatory guidelines.
 - Coordinate with cross-functional teams for process optimization and quality control.
 - Manage daily manufacturing operations to meet production targets and deadlines.
 - Supervise a team of technicians and operators, ensuring adherence to safety protocols.
 - Document and maintain production records for audits and inspections.
-

Education**Doctor of Pharmacy**

Jawaharlal Nehru Technological University

Year: 2021

Skills

- **Pharmaceutical Production:** GMP compliance, quality assurance, process validation.
 - **Technical Expertise:** Proficient in operating pharmaceutical manufacturing equipment.
 - **Team Management:** Leadership, collaboration, and effective communication.
 - **Documentation:** Regulatory filings, audit readiness, and SOP creation.
-

Certifications

- Good Manufacturing Practices (GMP) Certification
 - Quality Control and Assurance Training
 - [Any other relevant certifications]
-

Achievements

- Contributed to increasing production efficiency by [%] through process enhancements.
 - Successfully led a team in completing [specific project/task] ahead of schedule.
 - Recognized for maintaining exemplary production quality standards during audits.

The Department of Pharmaceutics at RR College of Pharmacy organized an insightful seminar titled "Bridging the Gap between Institutional Knowledge and Industrial Expertise" on 28th September 2024. The event aimed to explore the critical connection between academic learning and industrial application, empowering students and faculty with valuable insights into the pharmaceutical industry.

The seminar was inaugurated by Dr. Narayan Swamy, Principal of RR College of Pharmacy, and the distinguished resource person, Dr. KSR Teja from Micro Labs, Bengaluru. Their presence set an inspiring tone for the event.

The occasion was further graced by the management of PKM Educational Trust, including:

- Sri Y. Raja Reddy, Chairman
- Sri H.R. Kiran, Secretary
- Sri H.R. Arun, Director

Their support underscored the commitment to fostering academic and professional excellence within the institution.

The event was convened under the leadership of Dr. Hindustan Abdul Ahad, Professor, and Head, Department of Pharmaceutics.

Dr. Hindustan Abdul Ahad welcomed the gathering and provided an introduction to the resource person, Dr. KSR Teja, highlighting his significant contributions to the pharmaceutical industry.

Dr. KSR Teja delivered a thought-provoking lecture, shedding light on the practical challenges and opportunities that arise when transitioning from institutional knowledge to industrial expertise. His session emphasized the importance of aligning academic curricula with industry demands, fostering skill development, and adopting innovative practices. The engaging and informative session left a lasting impression on students and faculty alike, encouraging them to think critically about their roles in bridging this gap.

RR College of Pharmacy

Chikkabanavara, Bangalore-90

Approved by NAAC with Grade 'A'

The seminar concluded with a heartfelt vote of thanks delivered by **Mrs. Sujatha M.**, Associate Professor, Department of Pharmaceutics. She expressed gratitude to the management, the resource person, the organizing team, and all participants for their contributions to the success of the event.

The seminar was a resounding success, providing a platform for meaningful discussions and knowledge-sharing. It reinforced the importance of collaboration between academia and industry to nurture future-ready professionals equipped to excel in the dynamic pharmaceutical landscape.

The Department of Pharmacy Practice at RR College of Pharmacy organized an insightful seminar titled "**Antibiotics vs. Immune Boosters: Making the Right Prescription Choice**" on **30th September 2024**. The event aimed to explore the critical decision-making process in healthcare regarding the use of antibiotics versus immune boosters. It highlights the scenarios where each is appropriate, emphasizing the importance of understanding their roles in treating infections or strengthening the body's natural defenses. The discussion aims to provide clarity on when to rely on antibiotics to combat bacterial infections and when to focus on enhancing immunity for overall health, promoting responsible prescribing practices to avoid overuse of antibiotics, and encouraging holistic patient care.

The seminar was inaugurated by **Dr. Narayan Swamy**, Principal of RR College of Pharmacy, and the distinguished resource person, **Dr. Kesineni R** from Manipal Hospital, Bengaluru. Their presence set an inspiring tone for the event.

The occasion was further graced by the management of **PKM Educational Trust**, including the secretary **Sri H.R. Kiran** and the director **Sri H.R. Arun**. Their support underscored the commitment to fostering academic and professional excellence within the institution.

The event was convened under the leadership of **Dr. E. Satheesh Kumar**, Professor, and Head of the Department of Pharmacy Practice.

Dr. E. Satheesh Kumar welcomed the gathering and provided an introduction to the resource person, **Dr. Kesineni R**, highlighting his significant contributions to the prescription.

Dr. Kesineni R emphasizes the importance of understanding the specific roles of antibiotics and immune boosters in patient care. It would provide insights into the appropriate use of antibiotics for bacterial infections while addressing the risks of misuse, such as antibiotic resistance. The lecture would also highlight the benefits of immune boosters in enhancing the body's natural

defences, particularly in preventing illnesses. By discussing real-world scenarios and best practices, the speaker would aim to educate the audience on making informed, balanced decisions in clinical settings.

The seminar concluded with a heartfelt vote of thanks delivered by **Mr. Narendra**, Associate Professor, Department of Pharmacy Practice. He expressed gratitude to the management, the resource person, the organizing team, and all participants for their contributions to the success of the event.

The seminar was a resounding success, providing a platform for meaningful discussions and knowledge-sharing.

09/03/2024

Department of pharmacology
RRCOP, RR Institutions, Chikkabanawara, Bangalore-90.

The pharmacology department organized a seminar on; "Accelerating drug discovery and development using Artificial Intelligence and other Insilico techniques" on 9th March 2024. The Program was inaugurated by Dr. Narayan Swamy, The Principal, RRCOP and Dr. Nagaraj Kulkarni, a Chief Scientist Drug discovery at Sravathi AI Technology Ltd, Bengaluru.

Sri.Y. Raja Reddy, Chairman, PKM Educational Trust, Sri. H.R. Kiran, Secretary, PKM Educational Trust & Sri. H. R. Arun, Director, PKM Educational Trust were the guests for this seminar. Dr. Deeparani Urolagin, Professor and HOD Department of Pharmacology as a convener organised the event with Dr. Narayanasamy V.B.

Dr Deeparani Urolagin, Professor and HOD, Department of Pharmacology, welcomed the gathering and introduced the Resource person Dr. Nagaraj Kulkarni.

We are grateful for the time and effort taken by the speaker. Sir, had gave the lecture on Artificial Intelligence and other Insilico techniques. He also detailed about the basics of AI and its application in drug development specially for critical diseases like Diabetes and Cancer specially colon cancer etc. Sir had enlightened our knowledge how AI is fastest in Drug discovery and learning about Python helps students to gain knowledge about its application. Overall, the

program was very much beneficial to the faculties and the students who had attended the program.
We are sure that, this will be helpful for the students who are involved in research activities.

Then the session was opened up for the questions. Dr. Nagaraj Kulkarni, very nicely explained to
all the questions asked by the audience.

Finally, to end the program, The Mr.Vijaya Kumar J, Associate Professor, Department of
Pharmacology gave vote of thanks and the event was successfully completed.
